

## Try Mobile Fueling for Free

Fleets in your area are taking advantage of the benefits of mobile fueling through Booster, and there's never been a better time to join them. Right now, we are waiving our service fee so you can try Booster for two weeks free!

### Discover what Booster can do for your fleet:

#### Safety

- On-site fueling reduces driver exposure to potentially harmful situations
- Nearly 32,000 incidents are reported at gas stations each year

#### Convenience

- By eliminating gas station trips, your fleet gains an average of 61 hours of productivity annually
- Drivers also avoid the hassle of using fuel cards, and management avoids the administrative burden of tracking and managing multiple fuel card transactions

#### Selection

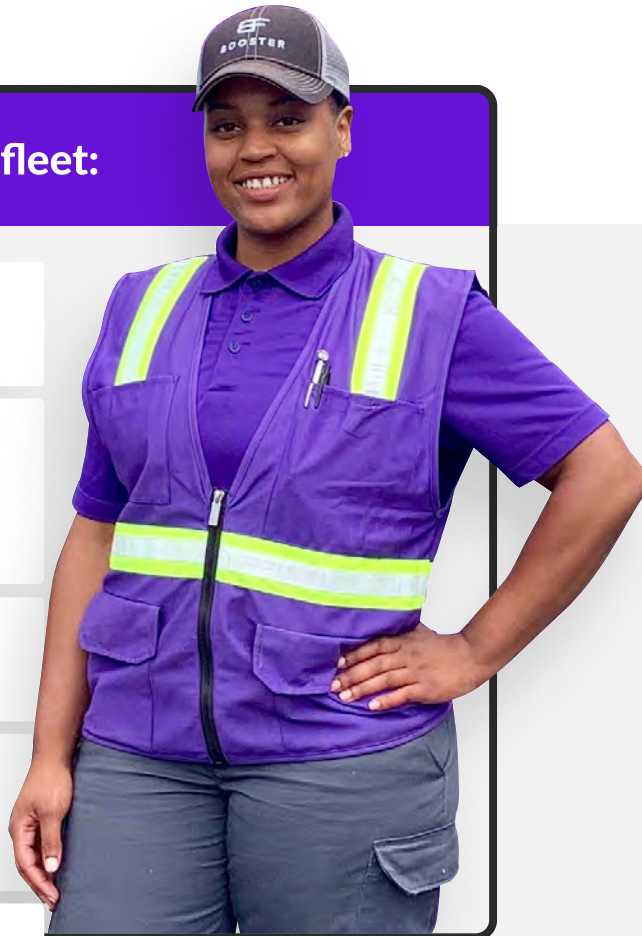

- Get high-quality fuels – including gas, diesel, and biodiesel – at competitive prices
- Delivered directly to your vehicles on a flexible schedule

#### Reliability

- We offer the best service experience in the industry
- Our dedicated customer support team ensures our tankers will show up on time, every time

#### Technology

- Fuel spend is displayed live in the Booster Insights dashboard with simplified reports to track spend
- Booster customers save an average of \$1600 per vehicle annually on the costs associated with fueling

### Take advantage of our free trial offer in 3 easy steps

1.

Speak to a Booster sales rep.

2.

Provide a list of your vehicles

3.

Enjoy our services for two weeks free!
