

BOOSTER®

Increase Driver Productivity with Mobile Fueling

Mobile fueling from Booster could be the key to keeping your drivers happy and unlocking efficiencies that give your business a competitive edge.

It's a True Win-Win

For Your Drivers

- ⊙ Starts each shift with a full tank
- ⊙ Is set up for success and doesn't have to break their route to refuel
- ⊙ Is removed from potentially risky situations while fueling in less-than-ideal locations
- ⊙ Reduces shift length and makes it home for family dinner

For Your Business

- ⊙ Increases on-route time and deliveries, while decreasing unproductive labor expense
- ⊙ Reduces miles driven, saving fuel and vehicle wear-and-tear
- ⊙ Mitigates fuel card misuse and administrative burden
- ⊙ Increases safety by reducing fueling incidents, and could increase driver retention by making their jobs easier
