

BOOSTER®

Increase Driver Productivity with Mobile Fueling

Mobile fueling from Booster could be the key to keeping your drivers happy and unlocking efficiencies that give your business a competitive edge.

It's a True Win-Win

For Your Driver

- ☑ Removes a task from their already heavy load
- ☑ Is set up for success and doesn't have to break their route to refuel
- ☑ Is removed from potentially risky situations while fueling in less-than-ideal locations
- ☑ Reduces shift length and makes it home in time for dinner

For Your Business

- ☑ Increases on-route time and deliveries, while decreasing unproductive labor expense
- ☑ Reduces miles driven, saving fuel and vehicle wear-and-tear
- ☑ Mitigates fuel card misuse and administrative burden
- ☑ Reduces fueling incidents, and could increase driver retention by making their jobs easier
